## **“Human Trafficking”**

---

Our Human Trafficking Seminar will provide you with the knowledge of the background and types of human trafficking, where and how it occurs, how to identify victims, and what to do if you encounter a victim. Our seminar is unique as it offers office-specific examples and suggested responses to assist you in developing your own "action plan" for your office, as well as ways to make sure you and your families are safe.

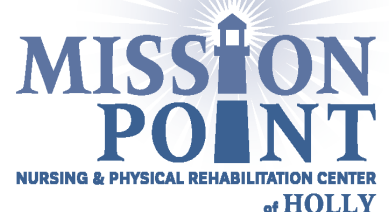

*Our speaker is Elizabeth Gadiol, she obtained her undergraduate degree in Psychology from MSU. Her passion for addiction studies helped fuel her curiosity regarding human trafficking, and led her involvement with education and prevention.*
